

## **Bargaining Session #2**

August 29, 2022

The Union requested to start 90 minutes later than the first session. Raven provided four proposals: counterproposals to the Union's proposals about recognition and non-discrimination language, and proposals about management rights and a preamble for the contract. The Union made two proposals: hours of work and holidays.

The parties did not reach any tentative agreements at this second abbreviated bargaining session in a row.
